

FIERCE CLASH NEAR BELFAST

Rioting Was Renewed Between Unionists and Sinn Feiners

SHOOTING AND STONE THROWING

Police Succeeded in Breaking Up Riot By a Baton Charge

Belfast, Ireland, Aug. 24.—Rioting was renewed here last night, the most menacing disorder being a collision between the unionists and Sinn Feiners in Ballymacarrett, on the east side of the River Lagan. Shortly after 8 o'clock the opposing crowds met in Bylson street and Kilmore street, where shooting and stone throwing occurred. The police eventually succeeded in dispersing the rioters by a baton charge.

FIGHTING CHOLERA.

Americans are Aiding the Chinese Authorities in Chengtu.

New York, Aug. 24.—American Baptist medical missionaries and students from the Union University Missionary Medical school are aiding the Chinese authorities in fighting a severe cholera epidemic in Chengtu, Szechuan province, West China. W. P. Lippard, secretary of the American Baptist foreign missionary society, has just received a message from Dr. W. R. Morse of Chengtu, stating that the provincial officials called upon the French doctors of the Pasteur Institute and Dr. Morse and Dr. Allen of the China Medical Missionary association, to help fight the epidemic. The Chinese officials accepted the advice of these medical men and placarded Chengtu with instructions for preventive measures. Dr. Morse's message stated:

"We are here where plague and epidemic and pestilence begin. Were Asiatic cholera not spread millions gladly to stop it, but here, hundreds or thousands we can kill the trouble before it can raise its head away from home. We are doing what we can with an inadequate force and little money, but we are putting our schools and pupils to a very real test and we'll win out!"

Secretary Lippard stated that as a result of the Baptist new world movement it is hoped to enlarge the medical school and hospital at Chengtu and also to send approximately 85 missionaries to the several missions in China during the next four years.

LINCOLN HIGHWAY SIGNS

Will Be Erected From New York to San Francisco.

Detroit, Mich., Aug. 24.—Before next winter comes enameled steel markers will have been placed at every confusing turn and crossroads on the Lincoln highway from New York to San Francisco, making what is said to be the longest highway in the world with such guide marks, according to announcement from headquarters of the Lincoln Highway association here. The road from Omaha to San Francisco already has such markers and work of marking the highway from New York to Omaha now is in progress.

The Lincoln highway is 3,223 miles long. It passes through Philadelphia, Pittsburgh, Canton, O., Fort Wayne, and South Bend, Ind., Clinton, Ia., Omaha, Salt Lake City and Carson City, Nev., among other points. The highway marker has been permanently marked between Omaha and New York.

EX-SOLDIERS AS TEACHERS.

Two Hundred, Specially Trained, to Take Up Duties in Ontario.

Toronto, Ont., Aug. 24.—Two hundred war veterans, trained at public expenses, will enter upon their new duties as teachers when the public schools of Ontario open next month. Entry of ex-soldiers into the teaching profession is regarded with great favor by the education department, which has been lamenting the fact that the male school teacher has lately been fast disappearing.

KIDNEY TROUBLE

Is a deceptive disease—thousands have it and don't know it. If you want good results you can make no mistake by using Dr. Kilmer's Swamp-Root, the great kidney medicine. At drugstore in large and medium size bottles. Sample sent by parcel post, also pamphlet telling you about it. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents, also mention the Barre Times.—Adv.

A Lazy Liver

causes a great deal of trouble, biliousness, constipation and sick headache. Do not put up with it; correct it at once by taking

Hood's Pills

Made by C. I. Hood Co., Lowell, Mass.

HOPE FOCH WILL COME

To Attend Second Annual Convention of American Legion.

Indianapolis, Aug. 24.—National officers of the American Legion are hopeful that Marshal Foch and Admiral Beatty will accept the invitations of the United States government and the Legion to visit America next month and attend the second annual convention of the Legion to be held in Cleveland, September 27, 28 and 29.

Lemuel Bolles, national adjutant of the organization, who has recently returned from Washington, where he conferred with Secretary of War Baker and officials of the British and French embassies, said the Legion's formal invitations to the supreme allied military and naval commanders had gone forward through the embassies and that the state department had also officially transmitted them at the request of Frank D. Olier, national commander of the Legion.

Cooperation in the effort to have the two war chiefs come to this country for the convention has been promised by American officials and by the French and British embassies.

In his letter urging acceptance of the invitations to attend the convention Mr. Olier declares that "nothing could, at this time, so much stir and warm the hearts of our people" toward the French and British nations as a visit and direct message from the two great leaders to the organization composed of those who served in the World war.

FAMILY ROW OVER PIG.

Sends Head of Family to the Hospital and Daughter is Arrested.

Damariscotta, Me., Aug. 23.—As a result of a family discussion over the feeding of a pig, Samuel Tibbetts of Damariscotta was in a Rockland hospital in a critical condition with two bullet wounds to-day and his daughter, Georgia Tibbetts, aged 21, was under arrest on the charge of assault with intent to murder and kill.

The daughter was alleged to have fired three shots at Tibbetts from an automatic revolver. She was to be brought here from the Rockland jail for arraignment late this afternoon.

EDWARDS GOES TO CAMP DIX.

Will Have Command of Second Brigade, 1st Army Division.

Boston, Aug. 24.—Orders assigning Brigadier General Clarence R. Edwards, commanding the department of the northeast, to command of the second brigade, 1st army division, at Camp Dix, N. J., were received yesterday. He is expected to report for his new duties about Sept. 1.

The orders relieving him from the departmental command follow a reorganization of the army system, by which an army corps organization is created, with Major General David C. Shanks in command in this section.

Berlin Has Housing Problems.

Berlin, Aug. 24.—To cope with the existing house famine, the Saxony government has asked the Saxony people's chamber to consent to an appropriation of 50,000,000 marks. The amount is to be repaid by means of a rent tax.

Internal Economy.

Mrs. Ayres—Since we must economize, I suppose the first thing to give up is our car.

Ayres—I should say not! We'll have to do it in some way our neighbors can't see.—Boston Transcript.

REPUBLICANS OF EAST CONFERENCE

Leaders of 14 Eastern States Meeting Will H. Hays in New York

KINGLEY, VERMONT, AMONG NUMBER

Women Are Also Included in Members of Conference

New York, Aug. 24.—Republican leaders of fourteen eastern states were here to-day to attend a two-day conference with Will H. Hays, chairman of the Republican national committee, to discuss campaign matters. Included among the members of the national committee were J. Henry Roraback, Connecticut; T. Coleman DuPont, Delaware; George W. Bean, Florida; Guy S. Gannett, Maine; John W. Weeks, Massachusetts; Charles D. Hilles, New York; John M. Morehead, North Carolina; Earl S. Kingsley, Vermont; and C. B. Slemph, Virginia.

The state chairman from each of the states, as well as the vice-chairman, all of whom are women, were also included among the representatives at the conference. A similar conference will be held in Chicago Sept. 1 and 2 for the middle western states, Mr. Hays announced.

BOTH PARTIES TO TELL OF EXPENDITURES

Chairmen and Treasurers Summoned Before Senate Committee Investigating Campaign Expenditures.

Chicago, Aug. 24.—Chairmen Will Hays and George White of the Republican and Democratic national committees, respectively, the treasurer of each committee, and the treasurers of the senatorial and congressional campaign committees of each party yesterday were ordered to appear before the Senate committee investigating campaign expenditures here next Monday.

The committee directed them to bring all books and papers relating to campaign collections and expenditures.

The committee directed Senator Kenyon, its chairman, to telegraph Governor James M. Cox, asking him either to appear here next Monday or to send a representative to present any evidence he may have to substantiate his charges that the Republicans are raising a \$15,000,000 campaign fund.

Senator James A. Reed of Missouri announced he had received no response from Governor Cox to his message asking that the governor send the evidence here yesterday.

ENGINE RECOVERED.

After Being Buried in Lake Champlain Since April.

The work of raising the 150-ton McAdoo locomotive of the Rutland road, which went off the trestle connecting New York and Vermont at Rouses Point and Albany and through the ice at the northern end of Lake Champlain early in April, was completed Sunday about noon.

The big engine was in about 12 feet of water. It had not been raised for this because the authorities were waiting until the water was at its lowest before the attempt should be made.

For preparations, numerous piles were driven in the lake either side of the locomotive and on these piles platforms were erected. Tracks laid out on platforms brought a Boston & Maine wrecker on one side and a New York Central on the other side of the engine. The giant cranes were lowered and a diver attached the grapple hooks to the locomotive, and after the hook had passed and all was ready, the wrecked locomotive was raised and swung onto the tracks on the trestle.

The engine is practically unharmed, except for rust and was towed into Albany without any trouble at all. It is expected that it will be brought to the Rutland shops and put into shape for almost immediate use.

The work of raising this engine was no mean engineering feat. It is understood that several contractors refused the job for fear that it could not be done. It was a difficult task for the diver to attach the grapple hooks to the locomotive and without him, it is said, the job could scarcely have been accomplished.

A number of railroad officials, including George T. Jarvis, vice-president and general manager of the Rutland railroad, witnessed the raising.

POSALAM DOES WORLDS OF GOOD FOR SICK SKIN

You can apply Posalam to any disordered skin with the confidence that it provides the absolutely reliable way to be rid of any itching or eruptions trouble, that it will serve you well and never let you down.

When spread over the skin and its concentrated healing power directed against pimples and rashes, eczema, urticaria, scabies, eruptions, burns and all skin affections, it produces a sense of greater comfort and most abundant satisfaction.

Field everywhere. For free sample write to Emergency Laboratories, 241 West 47th St., New York City.

Posalam Soap is a daily treat to tender skin. Contains Posalam.—Adv.

FIFTY YEARS AGO

it was the custom of our grandparents when anything was the matter with their stomach, liver or kidneys, to take a remedy composed of the right kind of roots and herbs, and by so doing lived to a ripe old age. It is also true that the Shakers, who have always depended upon the life-giving juices of leaves, roots and herbs, are long-lived people. The roots and herbs of which SEVEN BARKS is principally composed were gathered by the Shakers for many, many years, then scientifically blended, and SEVEN BARKS has become famous as one of the most reliable remedies for Indigestion, Constipation, Liver, Kidney and Stomach disorders.

Dull pains in the back, often under the shoulder blades, poor digestion, heartburns or flutterings, sour risings, yellow skin, swollen liver, troubles, and bowels, set them to right, tones and strengthens the general health.

If you want to get the greatest efficiency out of your body, enjoy and prolong your life, take SEVEN BARKS. At drugists, 60 cents a bottle. Don't put it off; get it to-day.—Adv.

LLOYD GEORGE AND GIOLETTE ARE AGREED

Will Submit Proposals to France for Allied Action to Secure Poland Free Use of Danzig.

Lucerne, Switzerland, Aug. 24 (By the Associated Press).—Premier Lloyd George of Great Britain and Premier Giolitti of Italy have adopted proposals to be submitted to France for allied action to secure Poland free and unrestricted use of Danzig and its communications in accordance with the Versailles treaty. It was announced officially here yesterday.

SMASHED 40 FEET OF FENCE.

Massachusetts Car, Guided By Alleged Intoxicated Man.

Brattleboro, Aug. 24.—An Overland runabout from Massachusetts, carrying five men, smashed down 40 feet of strong highway fence on the Guilford road in Brattleboro Sunday afternoon, after running in the gutter more than 400 feet and, when the car stopped, it was balanced on the edge of a 10-foot embankment. The two outer wheels and the running gear were buried in the dirt. The front wheel came off when the axle broke close to the wheel.

Sheriff Frank L. Wellman arrested the driver, whose operating license bore the name of Joseph J. Barbiert, 296 Deerfield street, Greenfield, Mass., on the charge of reckless driving, and arrested one of the other occupants, who appeared to be of Polish descent, but who told Attorney Herbert G. Barber that his name was J. F. Baker of Springfield, Mass. The charge against Baker is intoxication. Attorney Barber became responsible for his appearance in municipal court and he was released, but Barbiert was taken to the police station.

RUMANIA JOINS

Czech-Jugo-Slav Agreement in Its Entirety.

Vienna, Aug. 22.—Rumania has joined the Czech-Jugoslav agreement in its entirety, according to Buchanarist dispatches received here to-day.

Dr. Eduard Benes, Czech-Slovak foreign minister, is quoted as having said at an official dinner that the purpose of the agreement was to secure peace and order in middle Europe, and as having declared the Danube federation "pure nonsense."

The Vienna Neue Freie Presse says that British and French circles, while not interfering regard Dr. Benes' activities with displeasure and do not view with equanimity the creation of treaties and agreements upon which they have not been consulted.

America's Message.

The unveiling at London of the Saint-Gaudens statue of Abraham Lincoln is an important event in the progress of good relations between the British and American peoples. Premier Lloyd George insisted on being present to the speech of acceptance, while the presentation address was tendered by that distinguished American statesman, Hon. Elihu Root, who is now in Europe assisting in the establishment of international courts under the league of nations.

Great Britain has no firmer friend in America than Mr. Root, whose life has been spent in the midst of practical affairs of magnitude. One of the master minds of American politics, he has displayed at all times loyalty to the tradition of Anglo-American unity to which the original American stock adheres in reverence for the storied past.

The theme of Mr. Root's address, as given in the cable, was that Great Britain and the United States, being moved by the identical fundamental conceptions, would necessarily be found on the same side in any world crisis; these conceptions of justice and liberty being the breath of life for both nations, they both will prevail while such conceptions endure, and both will die if they perish. A great deal of sanity is encompassed in this statement.

Beneath surface disturbances of many kinds runs the strong current of fundamental understanding between the British and the American peoples. Noisy efforts to create a better feeling by artificial means are not necessary, nor are noisy efforts to create distrust dangerous. The common destiny of the two great branches of the English-speaking race is fixed already.

The art of Saint-Gaudens in its beautiful delineation of the rail-splitter president's tall figure now bears witness to the American people's fellow-feeling for the British. The chiseled medium is entirely worthy of the high purpose.—Montreal Star.

BIG BLOCKADE OF BAGGAGE

Because of Strike of Transfer Men in New York City

MEN WANT MORE PAY AND SHORTER HOURS

Strike Came Just at Time When Vacationists Were Returning

New York, Aug. 24.—Thousands of returning and departing vacationists were unable to have baggage delivered to-day as a result of a strike of baggagemen of the New York Transfer and Westcott Express companies, which usually deliver at least one-half of the city's baggage. The strike for more pay and shorter hours began at midnight, and the company's officials announced that business would be suspended because they were unable to meet the demands.

Employees of taxicab companies, which anticipated handling baggage normally transferred by the express companies, also were considering a strike, it was said, in sympathy with the transfer men. Taxicab drivers have called a meeting for to-night to decide what action will be taken.

Baggage was piling up at the railroad stations to-day at a rate estimated at 10,000 pieces a day as returning vacationists poured into the city.

WOULD DEPORT INSANE ALIENS

And to Do So Means an Increased Appropriation.

New York, Aug. 24.—Increased appropriations to enable the United States immigration authorities to deport aliens where insanity is discovered, was urged here to-day by Dr. Spencer L. Dawes, medical examiner of the New York state hospital commission.

Dr. Dawes declared that although 200 insane aliens were deported during the last fiscal year, there are still a great number in the state who might be deported if funds were available, thus cutting down an item of expense which is second only to education in New York. Dr. Dawes said that there are 39,000 insane persons in state institutions who cost the people annually \$11,500,000.

Of the 200 aliens deported for insanity last year 147 were sent to their home countries in the usual way by the federal authorities, while 143 were "repatriated" by the state with the permission of relatives or guardians of the patient. Explaining this process of "repatriation," Dr. Dawes said:

"After securing the consent of relatives to 'repatriate,' we arrange for passports for his or her home country and then give the insane person clothes, toilet articles and a new suitcase for the return trip. Under escort or guard, we send the patient all the way and see that he or she is safely delivered to relatives or friends on the other side."

"Last year the state of New York appropriated \$40,000 for this purpose alone."

Dr. Dawes said that in addition a great deal of time and money was devoted to returning insane persons to other states in which they are residents, whether citizens or aliens.

"With the exception of Connecticut," he said, "we have no difficulty in getting other states to take back their insane. We have written agreements with Massachusetts, Ohio, Illinois, Wisconsin, Iowa, Washington and several others. Not infrequently we send parties of insane persons across the continent to the Pacific coast."

The law provides that insane aliens may be deported at any time provided that legal processes are instituted within five years of their landing here. As New York is the greatest port of entry, Dr. Dawes said, this state becomes the dumping ground for thousands of these people who must be taken care of at public expense until they can be deported.

BRAZIL COTTON PRODUCTION.

Efforts Being Made to Increase Crop in Some Sections.

Rio De Janeiro, Aug. 23.—Increased and improved production of cotton, especially in northeastern Brazil, is a potential producing center which is at present quite undeveloped, is the object of a cotton service bureau recently established by presidential decree.

The bureau will investigate the properties of the soil and climatic conditions, and establish experimental stations to study the culture of cotton and preventive measures against pests and plant diseases. Planters in the cotton zones will be provided with machinery, implements and fertilizers at cost prices, and establishments will be installed for preparing cotton for market.

A representative of the big English cotton combine is now in the northern states making a special study of conditions.

KANSAS CITY GAINED 30 PCT.

Population Now 324,000—Other Cities Show Big Increase.

Washington, D. C., Aug. 24.—To-day's census bureau announcement follows: Kansas City, Mo., 324,410; increase 76,029, or 30.6 per cent. Santa Barbara, Cal., 19,441, increase 7,782, or 66.7 per cent. Ellyria, O., 29,474, increase 5,649, or 38.1 per cent. Petersburg, Va., 31,902, increase 6,575, or 25.5 per cent.

SICK HEADACHES FOR YEARS

Nothing Gave Relief Until He Tried "Fruit-a-tives"

180 CAROLINE AVE., OGDENSBURG, N. Y.
"I suffered for four years with Nervous Sick Headache and Dyspepsia. Tried doctors—ate bran gems—took all kinds of remedies—but nothing did me any good until I used 'Fruit-a-tives' or Fruit Liver Tablets. They made me well and kept me well; and I am always glad to tell people of the great things 'Fruit-a-tives' have done for me."

I have many friends in Ogdensburg now using 'Fruit-a-tives' on my recommendation". C. E. BESWICK.
50c. a box, 6 for \$2.50, trial size 25c. At dealers or from FRUIT-A-TIVES Limited, OGDENSBURG, N. Y.

"VOLUNTEER WHEAT" BRINGS IN WEALTH

Kansas Farmers are Having a Run of Prosperity—Explanation of "Volunteer Wheat."

Topeka, Kans., Aug. 24.—Stories of sudden wealth in the Kansas wheat belt are numerous this year, due to the unusual acreage of "volunteer wheat," a crop grown from seeds which fall in the previous harvesting. Officially estimated there was 1,500,000 acres of volunteer wheat in Kansas this year, or about a sixth of the total harvested acreage. This wheat yielded probably 40,000,000 bushels or representing a monetary value of about \$100,000,000. The total Kansas crop of wheat is estimated officially at 150,000,000 bushels.

The large acreage of volunteer wheat is due to the fact that a great deal of this acreage was deserted as wheat land by the owners after last year's none too bountiful crop had been harvested. The 1919 acreage was in excess of 11,000,000, by far the record for any state in the union. A wet fall caused the kernels of wheat which had fallen to the ground during the harvesting, to germinate.

Finding the "volunteer" crop making a stand, farmers did not disturb the growth and, with ideal wheat growing weather this spring, the volunteer wheat made yields fully as bountiful as the rest of the crop.

Innumerable stories of "deserted acreages," producing \$5,000 to \$25,000 worth of wheat come from western Kansas, where the bulk of the volunteer wheat was grown. Others tell of farmers who purchased farms this year and paid for them with the returns of this year's wheat harvest. Illustrating the "sudden wealth" general throughout the western Kansas counties, where land has been cheap and favorable seasons few and far between, a recent canvass of wheat yields in the vicinity of Oakley, a small town, 60 miles east of the Colorado line, in Logan county, showed at least 30 farmers whose wheat crops this year are worth more than \$50,000 each; at least 25 have more than \$75,000 of wheat each and every farmer has a good crop. Thirteen counties, most of them of northwest Kansas, this year are yielding 43,701,037 bushels of wheat, according to the latest official estimate by the state board of agriculture.

The one big drawback to the Kansas wheat grower's prosperity this year is the lack of facilities in which to transport his wheat to the market centers. Cars still are scarce, especially in the central and western parts of the state, but the situation is not as desperate as it was two months ago, grain dealers report.

Favorable summer rains have practically assured a big corn crop in Kansas this season. The crop has been officially estimated at 140,000,000 bushels and the official forecasters now assert that the continued favorable weather means the yield will mount still higher. The Kansas weather bureau here reported that it is the first year in its 33 years' existence that Kansas had "bumper" wheat and corn crops the same year. A banker who has lived in Kansas 32 years, is authority for the statement that in that time, such a favorable crop combination never before occurred.

Similar conditions prevail with the oats and barley crops, which have been harvested. The state raised 20,000,000 bushels of barley—four times the average annual yield of the last 20 years.

Alfalfa and grain sorghums, to which millions of acres are devoted in Kansas, likewise are producing bountiful crops. Kaw valley potato growers report one of the best crops ever grown. As one editor of western Kansas puts it: "The horn of plenty appears to have been dumped right into the lap of Kansas this year."

WANTS PRISON WAGES FOR THE FAMILIES

Warden Thomas of Ohio State Penitentiary Says State Has No Right to Deprive the Families.

Columbus, O., Aug. 24.—Warden P. E. Thomas of the state penitentiary here is strongly in favor of a law providing that families of criminals receive the proceeds of the prisoner's labors while a ward of the state. "The state of Ohio has no right," he says, "to punish the families of criminals by depriving them of support by the family head."

The state, he says, should put every prisoner to work. He says the state should have five brick plants instead of one to keep the vast number of prisoners confined in the penitentiary employed.

"Work, religion and education bring about growth in prisoners," he says. "Idleness is a curse. Ignorance is a curse. Folks like to talk about the college graduates in the penitentiary, but they are the exception; ignorance is the rule."

Shorpy's got 'em breaking wide open!

Buzzing on the Limited West-O!

PETE ME BOY!

If you ever did have a doubt in your peppy old soul as to how Camels stand nationally, take a fly over the country! Gee, every time I swing around I see men smoking Camels or buying Camels or talking Camels! Every newspaper and magazine flashes Camel ads! Every billboard spills a scream about Camels!

Pete, you never can beat Camels expert blend of choice Turkish and choice Domestic tobaccos! Certainly does put it over either kind smoked straight! And say, do you get that mild Camel body! Oh gee, Pete, fire-up another Camel—That's the answer!
